## OPEN BIDS FOR BUILDING NEW COUNTY BRIDGES

**Charleroi-Speers Bridge  
Among Those to be  
Constructed**

### CONTRACTS NOT AWARDED

**Tabulation of Estimates Nec-  
essary Before Lowest Bid-  
ders Can be Determined**

County Engineers Chaney and Armstrong and Controller John H. Moffitt opened the bids for the construction of the eight proposed bridges in Washington county, Friday. The contracts have not yet been awarded and the lowest bidders on the substructural work will not be known until the estimates are tabulated. It is believed that the Forest Construction company will get the bulk of the work on the eight bridges on the substructural work. Among the bridges to be built is the one between Speers and Charleroi on McKean avenue extension.

The Nelson Merydith company of Pittsburgh, was the lowest bidder for the superstructural work on the Monongahela City bridge over Pigeon creek. This is to be a through truss bridge of 110 foot span, 24 foot road and two six foot sidewalks with stone or concrete abutments. The bid of the Nelson-Merydith company was \$8,562.

The substructural work on the Bentleyville bridge over Pigeon creek, near the Bentleyville railroad station, will probably be awarded to the Fort Pitt Bridge works, the lowest bidder. The bridge is to be a plate girder bridge of 56 foot span, 20 foot roadway and two six foot sidewalks, with stone or concrete abutments. The bid was \$3,110.

Three hundred dollars was the bid for the Brick Church bridge over Pigeon creek in Bentleyville borough by the Nelson-Merydith company. This bridge is to be a pony truss bridge of 56 foot span, and 14 foot roadway and is to be moved from near the railroad station up stream 1,500 feet, more or less, to the new location, with the re-erection of new abutments of stone or concrete.

The lowest bid for the superstructural work on the Finleyville bridge over Peters creek was \$2,149, by the Fort Pitt Bridge works. This bridge is to be a plate girder bridge, 60 foot span and 16 foot roadway with concrete and brick floor and stone or concrete abutments.

The only bidder out of the state was the Capitol Construction company of Columbus, O., who was the lowest bidder on the superstructural work on the Kamp bridge over Brush run in Peters township, which is to be a plate girder of 45 foot span 16 foot roadway, with concrete floor and stone or concrete abutments. The bid was \$1,747.

A bridge is to be erected between Charleroi and Speers on the borough line, which will be a reinforced concrete arch of 40 foot span and roadway. There is no superstructural work on this bridge and the bids for the substructural work have not been tabulated.

The Nelson-Merydith company was the only bidder on the Sparta bridge, which is to be reconstructed over Short creek in Morris township. It is to be a 19 foot span and 12 foot roadway and requires new bridge

## Scotch People Hold a Picnic

**People of This Vicinity At-  
tend Affair at Ken-  
wood Park**

Scotch people from this vicinity attended the annual picnic of Scottish clans of Western Pennsylvania at Kenwood Park Friday afternoon. The outing was held under the auspices of Clan MacPherson, Pittsburgh; Clan Cameron, Pittsburgh; Clan Gordon, Roscoe; Clan Robertson, Brad-dock; Clan MacDonald, McKeesport; Clan MacKenzie, Homestead and Clan MacGregor, Greensburg, Pa. The day was enjoyed in regular picnic style. Sports was the chief feature.

## WELL KNOWN WOMAN DIES THIS MORNING AT NORTH CHARLEROI

Mrs. Sarah Louise Poole, aged 67 years 10 months, died at 1:30 o'clock this morning at the home of her daughter, Mrs. J. A. Pinyard, at North Charleroi. Mrs. Poole had been living at North Charleroi since December, and for sometime has been in poor health.

The funeral will be held at 10 o'clock Monday morning at Morgantown, W. Va., at the home of her son, Albert Poole, and interment will be in the Mt. Union cemetery. The body will be taken to Morgantown, leaving on an afternoon train Sunday.

Five daughters and one son survive. They are: Mrs. J. A. Pinyard, North Charleroi, Mrs. Olive Reeves of Oklahoma City, Okla., Mrs. Jesse Van Gilder, and Miss Nellie Poole, of Woodlawn, Mrs. E. B. Davis of Pittsburgh and Albert Poole of Morgantown.

Mrs. Poole was quite well known in this vicinity, although her home the greater part of her life was in West Virginia. She was a member of the Rock Forge Methodist church at Morgantown.

## CHARLEROI TEAM TO PLAY AT CARMICHAELS

### Preaching Services.

There will be preaching services at Cowell's Orchard at Speers Sunday afternoon at 3:30 by Rev. S. M. Johnson.

## ATTEMPTED KIDNAPPING

**Washington Girl Found  
Bound and  
Gaged**

### TELLS TALE OF ATTACK

Beatrice Heckman, a well known Washington young woman, aged 18, was attacked in her home Friday. Her assailant bound her hands and feet, blindfolded her and placed a gag in her mouth. The man evidently thought he heard some person coming in the house and escaped. The unconscious girl was found an hour later by Sheridan Wreath, a milkman. The local police were notified.

It is believed that he intended to kidnap the girl. The girl's mother, Mrs. D. S. Heckman, of Allison avenue, received a Black Hand letter demanding \$1,000 and threatening to kidnap her daughter.

The girl was alone in the house, her mother having gone out. Miss Heckman was seized in the kitchen from behind by a man, who threw her face down on the floor, tied a handkerchief over her eyes, gagged her, tied her hands and feet and placed a rope about her neck. After binding the girl he left.

The girl was conscious and rolled toward the kitchen door, which was open, and there she became unconscious.

The milkman loosed her and it was some time before she could tell about the attack. Mrs. Heckman said she suspects who wrote the Black Hand letter and who attacked the girl.

## RIVER COAL TRADE SLACK DURING JULY

**Shipments Better Than for June in the Aggre-  
gate But are Away Behind Those  
of Last Year**

Although slightly improved over the month of June coal shipments through Lock No. 4 for July were rather slack, only totaling for the entire month 9,327,000 bushels. For June the total amount of coal shipped through the lock was 8,176,000 bushels.

The passenger trade was good during July, both up river and down stream. There were 2,583 passengers going down river and there were 2,940 up. Lockages down stream

were 465, and there were 262 steamers and 1,014 boats, barges and flats passed down.

Up stream there were 445 lockages and 245 steamers and 949 boats, barges and flats passed up. The rainfall was 2.16 inches. During July of last year there were 17,675,000 bushels of coal locked through Lock 4. The falling off of trade this year is explained by the absence of sufficient flats and the fact of a number of the mines being closed down.

## RAILROAD POSTS SHIPPING DATA

**Safeguards Taken to Prevent  
Destruction of  
Property**

As a further step toward adding to the safety of railroad operations, the Pennsylvania Railroad is calling the attention of its employees and passengers to the revised rules for the transportation of inflammable articles. These are complementary to the rules of the Interstate Commerce Commission, which will be effective October 1st, 1911, for transportation of explosives. The Pennsylvania Railroad Company has had these rules printed and distributed, with instructions that every employee concerned must obtain a copy of them and be governed accordingly.

The importance of the regulations may be realized from the fact that there are in this country more than 150 factories, the combined product of which in the course of a year is over 500,000,000 lbs of explosives. In 1906 a single railroad transported over 91,000,000 lbs of explosives and used for this purpose 19,000 cars.

The thoroughness with which this campaign for safety has been pursued may be indicated by the fact that special supervision is given not only to the transportation of powder, dynamite and other heavy explosives but it is now provided that special care shall be pursued in the handling of any material that gives off inflammable vapor at or below a temperature of 80 deg. Fahrenheit; materials subjected to spontaneous combustion; materials other than acids that are liable to cause accidents by friction, concussion, absorption of moisture, contact with organic matter and otherwise. Special rules also govern the handling of compressed gases of liquids, as well as a list of the more virulent acids and corrosive compounds.

## FORMER CHARLEROI MINISTER CALLED TO DUQUESNE

Rev W. Frank Silvius, now pastor of the Grace Presbyterian church of Pittsburgh and formerly pastor of the Cumberland Presbyterian church of Charleroi, has been tendered a unanimous call by the First Presbyterian church, of Duquesne to become its pastor. The pulpit was made vacant by the resignation of Rev. H. C. Currie six months ago. Rev. Silvius is a well known minister.

### Surprise For Jennings Richey.

About 20 of the young friends of Jennings Richey tendered him a surprise Friday evening at the home of his parents, on Crest avenue, in honor of his birthday. The evening was delightfully spent with games and music. A program of recitations and music, instrumental and vocal was rendered. Refreshments were served.

### Brick Work Begun

The laying of brick at the George S. Might building on Fifth street adjoining the Mail building was started this morning.

## MYSTERY IN DEATH

**Police Investigating  
Railroad Man's  
Demise**

### BURGLARS WERE IN HOME

Detectives and physicians are probing the circumstances surrounding the death at his home in Dravosburg of Clarence R. Naulder, who was found dead there early Friday morning. It was at first thought that Naulder had committed suicide, but later investigation disproved this. There were burglars in the home some time Thursday night and one theory is that Naulder was engaged in a fight with them when he tumbled down the stairs, having in his hand a gun, which it is supposed accidentally exploded. Another theory had been advanced by a physician that he was struck by lightning. Naulder's wife was away.

Naulder was a substitute agent on the Monongahela division, P. R. R. and was well known in this vicinity, especially among railroad men. He was very popular.

## HOSPITAL SOON TO BE OPENED

The work of dismantling the old Brownsville school building, which is situated on the site of the new Brownsville hospital, is progressing very nicely and as soon as possible work will start on the hospital building.

## MINE RESCUE CAR TO BE AT BELLE VERNON NEXT WEEK

## THE MARCH OF PROGRESS.

No doubt we are far in advance of our ancestors of a hundred years ago, but yet so many things remain to be done that we can scarcely realize what has been accomplished. The past century has witnessed more that is wonderful in the progress of science and invention than the preceding ten centuries, and the climax seems to have been reached in wireless telegraphy and the aeroplane. And yet more wonderful things are no doubt soon to follow. In May, 1788, Benjamin Franklin, writing to his friend, the Rev. Dr. Lothrop, said:

"I have been long impressed with the same sentiments you express in the growing felicity of mankind from the improvements in philosophy, morals, politeness and even the conveniences of common living, and the invention and acquisition of new and useful utensils and instruments, so that I have sometimes almost wished it had been my destiny to be born two or three centuries hence, for invention and improvements are prolific and beget more of their kind. The present progress is rapid. Many discoveries of great importance, now unthought of, will before that period be produced, and then I might not only enjoy their advantages but have my curiosity gratified by knowing what they are to be. I see a little absurdity in what I have just written, but it is to a friend who will wink and let it pass. While I mention one reason more for such a wish which is that if the art of physics shall be improved in proportion to other arts, we may then be able to avoid diseases and live as long as the patriarchs in Genesis, to which I suppose we should have little objection."

A man possessing the brain of a Franklin, who made the most important discoveries of his generation, would no doubt have visions of future discoveries that would virtually amount to prophecies, but no doubt we have accomplished more in one century than he dreamed we would accomplish in three.

## ELECTRIC SPARKS

One reason more men don't succeed is that it takes them too long to get ready to begin work.

Andrew Carnegie, or some other chap who counts his money by the millions said that he always made it a point to get to work fifteen minutes ahead of time. Fifteen minutes behind time suits most persons.

Some men are born pessimists and others become pessimists through marriage.

As people quit eating chickens the price of them advances.

It's quite possible that those who talk most about gag rule use that same kind of government themselves when occasion demands.

It's a sign of squally weather when everybody pays their bills with one asking.

"Cat bites a janitor" says a news item. Nice kitty, pretty kitty! Now bite an iceman.

But the Yankee remarks: "It's great stuff; I really can't play it enuff. Use a stick, club or bolo, Call it shinny or polo, It's a grand little game they call gauff."

Why the custom of newly married men treating exists is a question, for it seems that people should console with him by treating him.

There's a possibility that Presi-

dent Taft's veto of that farmer's list bill may get him into trouble, which goes to show that all great men are not immune.

What has become of the old fashioned powder and bullets they used to use in war?

Abe Martin says that "knowin' all about baseball is just about as profitable as bein' a good whittler."

## PICKED UP IN PASSING

"While making some professional calls in a sparsely settled district once when I first began practice," said a Charleroi physician I came upon a little plump, rosy checked girl trudging toward home with her slate and dinner pail in her hand. I asked her to ride with me. I could see that she was a very timid child, and efforts to engage her in conversation were unavailing. She would meekly answer "Yes" or "No," but not another word would she speak.

A few weeks later I was called to the little girl's home to attend another member of the family for a slight ailment. When about to leave the mother spoke up smilingly and said:

"Do you remember my little girl riding with you a few weeks ago? Well, when she got home she said, 'Mamma, I rode from school with the doctor, and he kept talking with me and talking with me, and I just didn't know what to do, for you know doctors charge you when you talk with them, and I didn't have any money.'"

"Seeing is believing, eh?" said an oculist, who visits this community occasionally. "Well, no saw was ever more absurd than that. You see a horse's head and a flour barrel, and you believe the barrel is longer than the horse's head, don't you? Well, it isn't. The horse's head from his nose is longer than the barrel by a considerable distance. Architects have to deceive the eye in order to make it appear that their buildings are symmetrical. They make walls lean in that they may appear vertical. They make windows wider at the top. They make columns thicker in the middle than at the summit or base. And the top lines of a building, in order to appear plumb to the silly eye of man, must be raised up quite a lot in the center.

"Seeing is believing, indeed!"

## PILES DISAPPEAR

So Does Eczema, Salt Rheum, Ulcers, Old Sores and Carbuncles.

Under the influence of San Cura Ointment surprising cures are made so quickly that they seem like miracles.

Stubborn cases of piles like those of Rev. W. F. Gilbert of Titusville, Pa. vanish before the marvelous antiseptic Ointment. Mr. Gilbert writes:

"For twenty years I suffered with bleeding and itching piles; at times I was confined to the house for more than a month. Two years ago I be-

gan using San Cura Ointment and one 50c jar made a firm and permanent cure. I have not been troubled since." San Cura Ointment is guaranteed by W. F. Hennings' who is the agent in Charleroi to cure any of the above named diseases or money back. It instantly kills all pain from burns, cuts and bruises, draws out the poison and heals in a short time. 25 cents and 50 cents a jar at W. F. Hennings'.

### Good Baby Soap.

San Cura is a healing and antiseptic soap; just the soothing kind that baby needs. It frees the pores from

all impurities and prevents fevers, rashes and other infantile diseases. Best for anyone's skin, cures pimples and blackheads, cleans the complexion. 25c a large cake at W. F. Hennings'. Mail orders for San Cura Ointment and Soap filled by the Thompson Medical Co., Titusville, Pa.

### Cause for Grief.

George, aged 3 1/2, was very cross and his wails louder than usual one day made his mother ask impatiently, "George, what in the world makes you cry?" With an injured catch in his voice George replied, "You would cry, too, if you hit the crazy bone in your head as I did."

**Small Boy's Idea.**  
Small Harold was watching a regiment of soldiers marching by, headed by a band. "Mamma," said he, "what's the use of all them soldiers that don't make music?"

## BETTER THAN SPANKING

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, Notre Dame, Ind., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulty by day or night.

## DANGER IN DELAY

Kidney Diseases Are Too Dangerous For Charleroi People to Neglect.

The great danger of kidney troubles is that they get firm hold before the sufferer recognizes them. Health is gradually, undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, and Bright's disease, follow as the kidneys get worse. Don't neglect your kidneys. Help the kidneys with the reliable and safe remedy, Doan's Kidney Pills, which has cured people right here in Charleroi.

Mrs. Robert Coulter, 207 Prospect avenue, Charleroi, Pa., says: "Some years ago my son contracted the measles and on recovering, I noticed that his kidneys were weak. He had no control over the kidney secretions and this was especially annoying at night. I had often seen Doan's Kidney Pills highly advertised in the local papers and was finally induced to procure a supply at Piper Bros' Drug Store. I had my son use them according to directions, and before long he was greatly benefitted. He is still using Doan's Kidney Pills, and I am certain that a complete cure will soon be effected."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name--Doan's and take no other.

### Fish-Eating Germany.

The inclination of the German nation to eat all kinds of fish in all kinds of forms is supported by a lively propaganda on the part of our fishery interests, rapidly and steadily increasing. --Tagliche Rundschau.

Cannot Cast the Future.  
A man may presume to know much of what is passing, but he dare not predict what part of the passing show shall disappear, as a fashion does, in time. It must follow, as no man can pretend to place his finger unerringly on just that particular part, then no man can begin to tell just what man or woman living today will be revered in time to come.

## CATHOLICS WIN FINAL CONTEST FROM BAPTISTS

Church league fans who journeyed over to the ball lot Friday evening to see a real ball game were not disappointed except in spots. The struggle was between the Catholics and Baptists and conservatively speaking it was some struggle. It was the concluding game of the Church league season and was the first real one played this week. The Catholics won 6 to 2.

To begin with, neither the Catholics nor the Baptists had nine eligible men on the field. So the Baptists helped themselves to their former star third baseman Haywood and the Catholics annexed their former outfielder, Mangan.

The Baptists scored in the first inning. Allhouse caught on to one of Deitz's benders for one base, and stole second. On Haywood's single he came home. The Baptists got their second score in the third inning. Nutt contracted a base when Wheeler let Deitz's throw get through him. He stole second, and then taking a hard chance on Allhouse's single over second came all the way home.

The Catholics got their first run in the second inning. Wheeler, first up got a single, went second on an out and stole third. On an error of Culp's on first he came home. Wheeler got a two base in the fourth. Pieper, was safe on a fielder's choice, on which Wheeler went third. Both scored on errors.

In the last round the Catholics scored three runs with on man out Urban got a single. Newton singled, then Deitz singled, scoring Urban. Newton and Deitz came home on errors. Score:

## LUTHERANS LEAD CATHOLICS NEXT

With last night's game between the Catholics and the Baptists the Church league season for 1911 ended. The Lutherans are the fond winners of the flag, that fact being determined many days ago. The Catholics are the second place men and a tie exists, which is not thought will be played off however, between the Christians and Episcopalians for third place. In the fifth place the Baptists repose and in order thereafter the First Presbyterians, the Methodists and the Washington Avenues hold forth. The standing of the clubs is as follows:

Standing of Clubs	W.	L.	Pct.
Lutherans	13	1	.929
Catholics	9	5	.643
Episcopalians	8	6	.571
Christians	8	6	.571
Baptists	6	8	.429
First Pres.	5	9	.357
Methodists	4	10	.286

## OPEN BIDS FOR BUILDING NEW COUNTY BRIDGES

(Continued from page one.)

seats and face wall and new floor and railings. The bid is considered too high by the county engineers and it is probable that the bridge will be re-advertised.

Ben Clark and Plants & Plants were the only bidders on the Taylors-town bridge to be erected over Buffalo creek in Blaine township. A new concrete face wall is to be built around one abutment and the roof is to be repaired. Although the figures of the two bidders have not yet been computed, it is thought that Clark is the lowest bidder.

Men's Red Rubber Sole \$1.75 Tennis Shoes or Oxfords, will be a feature of the sale To-Day—Dollar a Pair Surprising Values.

Also Misses' and Big Girls' Tan or Black \$3.00 Ties and Pumps—Dollar a Pair

Competitor complained to us yesterday that our Dollar Shoe Sale hurt business. We told him it benefited several thousand people, and that "ADOLPH" was here for the people's benefit. Although we're benefiting thousands more than last year, assortments are as full To-Day as on opening day, because we prepared far more abundantly. Selling several hundred pairs a day, though, will tell soon. Come To-Day, bring the whole family and settle the shoe problem for months to come.

## OPEN BIDS FOR BUILDING NEW COUNTY BRIDGES

**Charleroi-Speers Bridge  
Among Those to be  
Constructed**

**CONTRACTS NOT AWARDED**

**Tabulation of Estimates Nec-  
essary Before Lowest Bid-  
ders Can be Determined**

County Engineers Chaney and Armstrong and Controller John H. Moffitt opened the bids for the construction of the eight proposed bridges in Washington county, Friday. The contracts have not yet been awarded and the lowest bidders on the substructural work will not be known until the estimates are tabulated. It is believed that the Forrest Construction company will get the bulk of the work on the eight bridges on the substructural work. Among the bridges to be built is the one between Speers and Charleroi on McKean avenue extension.

The Nelson Merydith company of Pittsburgh, was the lowest bidder for the superstructural work on the Monongahela City bridge over Pigeon creek. This is to be a through truss bridge of 110 foot span, 24 foot road and two six foot sidewalks with stone or concrete abutments. The bid of the Nelson-Merydith company was \$8,562.

The substructural work on the Bentleyville bridge over Pigeon creek, near the Bentleyville railroad station, will probably be awarded to the Fort Pitt Bridge works, the lowest bidder. The bridge is to be a plate girder bridge of 56 foot span, 20 foot roadway and two six foot sidewalks, with stone or concrete abutments. The bid was \$3,110.

Three hundred dollars was the bid for the Brick Church bridge over Pigeon creek in Bentleyville borough by the Nelson-Merydith company. This bridge is to be a pony truss bridge of 56 foot span, and 14 foot roadway and is to be moved from near the railroad station up stream 1,500 feet, more or less, to the new location, with the re-erection of new abutments of stone or concrete.

The lowest bid for the superstructural work on the Finleyville bridge over Peters creek was \$2,149, by the Fort Pitt Bridge works. This bridge is to be a plate girder bridge, 60 foot span and 16 foot roadway with concrete and brick floor and stone or concrete abutments.

The only bidder out of the state was the Capitol Construction company of Columbus, O., who was the lowest bidder on the superstructural work on the Kamp bridge over Brush run in Peters township, which is to be a plate girder of 45 foot span 16 foot roadway, with concrete floor and stone or concrete abutments. The bid was \$1,747.

A bridge is to be erected between Charleroi and Speers on the borough line, which will be a reinforced concrete arch of 40 foot span and roadway. There is no superstructural work on this bridge and the bids for the substructural work have not been tabulated.

The Nelson-Merydith company was the only bidder on the Sparta bridge, which is to be reconstructed over Short creek in Morris township. It is to be a 19 foot span and 12 foot roadway and requires new bridge

The outing was held under the auspices of Clan MacPherson, Pittsburgh; Clan Cameron, Pittsburgh; Clan Gordon, Roscoe; Clan Robertson, Bradock; Clan MacDonald, McKeesport; Clan MacKenzie, Homestead and Clan MacGregor, Greengarden, Pa. The day was enjoyed in regular picnic style. Sports was the chief feature.

**WELL KNOWN WOMAN  
DIES THIS MORNING  
AT NORTH CHARLEROI**

Mrs. Sarah Louise Poole, aged 67 years 10 months, died at 1:30 o'clock this morning at the home of her daughter, Mrs. J. A. Pinyard, at North Charleroi. Mrs. Poole had been living at North Charleroi since December, and for sometime has been in poor health.

The funeral will be held at 10 o'clock Monday morning at Morgantown, W. Va., at the home of her son, Albert Poole, and interment will be in the Mt. Union cemetery. The body will be taken to Morgantown, leaving on an afternoon train Sunday. Five daughters and one son survive. They are: Mrs. J. A. Pinyard, North Charleroi, Mrs. Olive Reeves of Oklahoma City, Okla., Mrs. Jesse Van Gilder, and Miss Nellie Poole, of Woodlawn, Mrs. E. B. Davis of Pittsburgh and Albert Poole of Morgantown.

Mrs. Poole was quite well known in this vicinity, although her home the greater part of her life was in West Virginia. She was a member of the Rock Forge Methodist church at Morgantown.

## ATTEMPTED KIDNAPPING

**Washington Girl Found  
Bound and  
Gaged**

**TELLS TALE OF ATTACK**

Beatrice Heckman, a well known Washington young woman, aged 18, was attacked in her home Friday. Her assailant bound her hands and feet, blindfolded her and placed a gag in her mouth. The man evidently thought he heard some person coming in the house and escaped. The unconscious girl was found an hour later by Sheridan Wreath, a milkman. The local police were notified.

It is believed that he intended to kidnap the girl. The girl's mother, Mrs. D. S. Heckman, of Allison avenue, received a Black Hand letter demanding \$1,000 and threatening to kidnap her daughter.

The girl was alone in the house, her mother having gone out. Miss Heckman was seized in the kitchen from behind by a man, who threw her face down on the floor, tied a handkerchief over her eyes, gagged her, tied her hands and feet and placed a rope about her neck. After binding the girl he left.

The girl was conscious and rolled toward the kitchen door, which was open, and there she became unconscious.

The milkman loosed her and it was some time before she could tell about the attack. Mrs. Heckman said she suspects who wrote the Black Hand letter and who attacked the girl.

**In July, 96 Licenses.**

Despite the warm weather Dan Cupid was no ways lagged in Washington county during the month of July. Clerk of Courts D. L. Williams issued 96 marriage licenses, 18 more than for the corresponding month of 1910.

## RIVER COAL TRADE SLACK DURING JULY

**Shipments Better Than for June in the Aggregate But are Away Behind Those of Last Year**

Although slightly improved over the month of June coal shipments through Lock No. 4 for July were rather slack, only totaling for the entire month 9,327,000 bushels. For June the total amount of coal shipped through the lock was 8,176,000 bushels.

The passenger trade was good during July, both up river and down stream. There were 2,583 passengers going down river and there were 2,940 up. Lockages down stream

were 465, and there were 262 steamers and 1,014 boats, barges and flats passed down.

Unstream there were 415 lockages and 245 steamers and 949 boats, barges and flats passed up. The rainfall was 2.16 inches. During July of last year there were 17,075,000 bushels of coal locked through Lock 4. The falling off of trade this year is explained by the absence of sufficient flats and the fact of a number of the mines being closed down.

## RAILROAD POSTS SHIPPING DATA

**Safeguards Taken to Prevent  
Destruction of  
Property**

As a further step toward adding to the safety of railroad operations, the Pennsylvania Railroad is calling to the attention of its employees and shippers the revised rules for the transportation of inflammable articles and acids. These are complementary to the rules of the Interstate Commerce Commission, which will be effective October 1st, 1911, for the transportation of explosives. The Pennsylvania Railroad Company has had these rules printed and distributed, with instructions that every employee concerned must obtain a copy of them and be governed accordingly.

The importance of the regulations may be realized from the fact that there are in this country more than 150 factories, the combined product of which in the course of a year is over 500,000,000 lbs of explosives. In 1906 a single railroad transported over 91,000,000 lbs of explosives and used for this purpose 19,000 cars.

The thoroughness with which this campaign for safety has been pursued may be indicated by the fact that special supervision is given not only to the transportation of powder, dynamite and other heavy explosives but it is now provided that special care shall be pursued in the handling of any material that gives off inflammable vapor at or below a temperature of 80 deg. Fahrenheit; materials subjected to spontaneous combustion; materials other than acids that are liable to cause accidents by friction, concussion, absorption of moisture, contact with organic matter and otherwise. Special rules also govern the handling of compressed gases of liquids, as well as a list of the more virulent acids and corrosive compounds.

## FORMER CHARLEROI MINISTER CALLED TO DUQUESNE

Rev W. Frank Silvius, now pastor of the Grace Presbyterian church of Pittsburgh and formerly pastor of the Cumberland Presbyterian church of Charleroi, has been tendered a unanimous call by the First Presbyterian church, of Duquesne to become its pastor. The pulpit was made vacant by the resignation of Rev. H. C. Currie six months ago. Rev. Silvius is a well known minister.

**Surprise For Jennings Richey.**

About 20 of the young friends of Jennings Richey tendered him a surprise Friday evening at the home of his parents, on Crest avenue, in honor of his birthday. The evening was delightfully spent with games and music. A program of recitations and music, instrumental and vocal was rendered. Refreshments were served.

**Brick Work Begun**

The laying of brick at the George S. Migh building on Fifth street adjoining the Mail building was started this morning.

## MYSTERY IN DEATH

**Police Investigating  
Railroad Man's  
Demise**

**BURGLARS WERE IN HOME**

Detectives and physicians are probing the circumstances surrounding the death at his home in Dravosburg of Clarence R. Naulder, who was found dead there early Friday morning. It was at first thought that Naulder had committed suicide, but later investigation disproved this. There were burglars in the home some time Thursday night and one theory is that Naulder was engaged in a fight with them when he tumbled down the stairs, having in his hand a gun, which it is supposed accidentally exploded. Another theory had been advanced by a physician that he was struck by lightning. Naulder's wife was away.

Naulder was a substitute agent on the Monongahela division, P. R. R. and was well known in this vicinity, especially among railroad men. He was very popular.

## HOSPITAL SOON TO BE OPENED

## THE MARCH OF PROGRESS.

No doubt we are far in advance of our ancestors of a hundred years ago, but yet so many things remain to be done that we can scarcely realize what has been accomplished. The past century has witnessed more than is wonderful in the progress of science and invention than the preceding ten centuries, and the climax seems to have been reached in the last few years. And yet more wonderful things are no doubt soon to follow. In May, 1788, Benjamin Franklin, writing to his friend, the Rev. Dr. Lathrop, said:

"I have been long impressed with the same sentiments you express in the growing felicity of mankind from the improvements in philosophy, morals, politeness and even the conveniences of common living, and the invention and acquisition of new and useful utensils and instruments, so that I have sometimes almost wished it had been my destiny to be born two or three centuries hence, for invention and improvements are prolific and beget more of their kind. The present progress is rapid. Many discoveries of great importance, now unthought of, will before that period be produced, and then I might not only enjoy their advantages but have my curiosity gratified by knowing what they are to be. I see a little absurdity in what I have just written, but it is to a friend who will wink and let it pass. While I mention one reason more for such a wish which is that if the art of physic shall be improved in proportion to other arts, we may then be able to avoid diseases and live as long as the patriarchs in Genesis, to which I suppose we should have little objection."

A man possessing the brain of a Franklin, who made the most important discoveries of his generation, would no doubt have visions of future discoveries that would virtually amount to prophecies, but no doubt we have accomplished more in one century than he dreamed we would accomplish in three.

## ELECTRIC SPARKS

One reason more men don't succeed is that it takes them too long to get ready to begin work.

Andrew Carnegie, or some other chap who counts his money by the millions said that he always made it a point to get to work fifteen minutes ahead of time. Fifteen minutes behind time suits most persons.

Some men are born pessimists and others become pessimists through marriage.

As people quit eating chickens the price of them advances.

It's quite possible that those who talk most about gag rule use that same kind of government themselves when occasion demands.

It's a sign of squally weather when everybody pays their bills with one asking.

"Cat bites a janitor" says a news item. Nice kitty, pretty kitty! Now bite an iceman.

But the Yankee remarks: "It's great stuff; I really can't play it enuff. Use a stick, club or polo, Call it shinny or polo, It's a grand little game they call gauff."

Why the custom of newly married men treating exists is a question, for it seems that people should console with him by treating him.

There's a possibility that Presi-

dent Taft's veto of that farmer's list bill may get him into trouble, which goes to show that all great men are not immune.

What has become of the old fashioned powder and bullets they used to use in war?

Abe Martin says that "knowin' all about baseball is just about as profitable as bein' a good whittler."

## PICKED UP IN PASSING

"While making some professional calls in a sparsely settled district once when I first began practice," said a Charleroi physician I came upon a little plump, rosy checked girl trudging toward home with her slate and dinner pail in her hand. I asked her to ride with me. I could see that she was a very timid child, and efforts to engage her in conversation were unavailing. She would meekly answer "Yes" or "No," but not another word would she speak.

A few weeks later I was called to the little girl's home to attend another member of the family for a slight ailment. When about to leave the mother spoke up smilingly and said:

"Do you remember my little girl riding with you a few weeks ago? Well, when she got home she said, 'Mamma, I rode from school with the doctor, and he kept talking with me and talking with me, and I just didn't know what to do, for you know doctors charge you when you talk with them, and I didn't have any money'."

"Seeing is believing, eh?" said an oculist, who visits this community occasionally. "Well, no saw was ever more absurd than that. You see a horse's head and a flour barrel, and you believe the barrel is longer than the horse's head, don't you? Well, it isn't. The horse's head from his nose is longer than the barrel by a considerable distance. Architects have to deceive the eye in order to make it appear that their buildings are symmetrical. They make walls lean in that they may appear vertical. They make windows wider at the top. They make columns thicker in the middle than at the summit or base. And the top lines of a building, in order to appear plumb to the silly eye of man, must be raised up quite a lot in the center."

"Seeing is believing, indeed!"

## DANGER IN DELAY

Kidney Diseases Are Too Dangerous For Charleroi People to Neglect.

The great danger of kidney troubles is that they get firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, and Bright's disease, follow as the kidneys get worse. Don't neglect your kidneys. Help the kidneys with the reliable and safe remedy, Doan's Kidney Pills, which has cured people right here in Charleroi.

Mrs. Robert Coulter, 207 Prospect avenue, Charleroi, Pa., says: "Some years ago my son contracted the measles and on recovering, I noticed that his kidneys were weak. He had no control over the kidney secretions and this was especially annoying at night. I had often seen Doan's Kidney Pills highly advertised in the local papers and was finally induced to procure a supply at Piper Bros. Drug Store. I had my son use them according to directions, and before long he was greatly benefitted. He is still using Doan's Kidney Pills, and I am certain that a complete cure will soon be effected."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name--Doan's and take no other.

A man may presume to know much of what is passing, but he dare not predict what part of the passing show shall disappear, as a fashion does, in time. It must follow, as no man can pretend to place his finger unerringly on just that particular part, then no man can begin to tell just what man or woman living today will be revered in time to come.

## PILES DISAPPEAR

So Does Eczema, Salt Rheum, Ulcers, Old Sores and Carbuncles.

Under the influence of San Cura Ointment surprising cures are made so quickly that they seem like miracles.

Stubborn cases of piles like those of Rev. W. F. Gilbert of Titusville, Pa. vanish before the marvelous antiseptic Ointment. Mr. Gilbert writes:

"For twenty years I suffered with bleeding and itching piles; at times I was confined to the house for more than a month. Two years ago I began using San Cura Ointment and one 50c jar made a firm and permanent cure. I have not been troubled since."

San Cura Ointment is guaranteed by W. F. Hennings' who is the agent in Charleroi to cure any of the above named diseases or money back. It instantly kills all pain from burns, cuts and bruises, draws out the poison and heals in a short time. 25 cents and 50 cents a jar at W. F. Hennings'

### Good Baby Soap.

San Cura is a healing and antiseptic soap; just the soothing kind that baby needs. It frees the pores from

all impurities and prevents fevers, rashes and other infantile diseases. Best for anyone's skin, cures pimples and blackheads, cleans the complexion 25c a large cake at W. F. Hennings' Mail orders for San Cura Ointment and Soap filled by the Thompson Medical Co., Titusville, Pa.

### Cause for Grief.

George, aged 3 1/2, was very cross and his walls louder than usual one day made his mother ask impatiently, "George, what in the world makes you cry?" With an injured catch in his voice George replied, "You would cry, too, if you hit the crazy bone in your head as I did."

### Small Boy's Idea.

Small Harold was watching a regiment of soldiers marching by, headed by a band. "Mamma," said he, "what's the use of all them soldiers that don't make music?"

### BETTER THAN SPANKING

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, Notre Dame, Ind., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures enuresis and aged people troubled with urine difficulties by day or night.

## BASEBALL BINGLES

Nutt distinguished himself in the third inning. He got first on an error. He forthwith pilfered second, and on Allhouse's Texas leaguer came from second home. The later performance was rather remarkable and required the fastest going of which Nutt was capable.

Haywood performed in familiar style for the Baptists on third base.

Tom Mangan has been playing with the First Presbyterians, but that didn't prevent him from showing good form with the Catholics.

Allhouse pulled away two of the Baptists six hits. Besides that he got four putouts in right field,

which is going some.

Wheeler cracked the ball and chased around scores in great shape. He got two hits and two scores.

Deitz pitched a fairly good game, allowing but six hits.

The Baptists had five errors and the Catholics four.

The Church league season is now a matter of history. It's noticeable how much shorter the days are becoming.

Capt. Mason had lots of ginger in his team.

## CATHOLICS WIN FINAL CONTEST FROM BAPTISTS

Church league fans who journeyed over to the ball lot Friday evening to see a real ball game were not disappointed except in spots. The struggle was between the Catholics and Baptists and conservatively speaking it was some struggle. It was the concluding game of the Church league season and was the first real one played this week. The Catholics won 6 to 2.

To begin with, neither the Catholics nor the Baptists had nine eligible men on the field. So the Baptists helped themselves to their front star third baseman Haywood and the Catholics annexed their former outfielder, Mangan.

The Baptists scored in the first inning. Allhouse caught on to one of Deitz's benders for one base, and stole second. On Haywood's single he came home. The Baptists got their second score in the third inning. Nutt contracted a base when Wheeler let Deitz's throw get through him. He stole second, and then taking a hard chance on Allhouse's single over second came all the way home.

The Catholics got their first run in the second inning. Wheeler, first up got a single, went second on an out and stole third. On an error of Culp's on first he came home. Wheeler got a two baser in the fourth. Pieper was safe on a fielder's choice, on which Wheeler went third. Both scored on errors.

In the last round the Catholics scored three runs with on man out Urban got a single. Newton singled, then Deitz singled, scoring Urban. Newton and Deitz came home on errors. Score:

## LUTHERANS LEAD CATHOLICS NEXT

With last night's game between the Catholics and the Baptists the Church league season for 1911 ended. The Lutherans are the fond winners of the flag, that fact being determined many days ago. The Catholics are the second place men and a tie exists, which is not thought will be played off however, between the Christians and Episcopalians for third place. In the fifth place the Baptists repose and in order thereafter the First Presbyterians, the Methodists and the Washington Avenues hold forth. The standing of the clubs is as follows:

Standing of Clubs	W.	L.	Pct.
Lutherans	13	1	.929
Catholics	9	5	.643
Episcopalians	8	6	.571
Christians	8	6	.571
Baptists	6	8	.429

## OPEN BIDS FOR BUILDING NEW COUNTY BRIDGES

(Continued from page one.)

seats and face wall and new floor and railings. The bid is considered too high by the county engineers and it is probable that the bridge will be re-advertised.

Ben Clark and Plants & Plants were the only bidders on the Taylors-town bridge to be erected over Buffalo creek in Blaine township. A new concrete face wall is to be built around one abutment and the roof is to be repaired. Although the figures of the two bidders have not yet been computed, it is thought that Clark is the lowest bidder.

### Daily Thought.

I believe that more breaches of friendship and love have been created, and more hatred cemented by needless criticism than by any one other thing.—Sir Arthur Helps.

Men's Red Rubber Sole \$1.75 Tennis Shoes or Oxfords, will be a feature of the sale To-Day—Dollar a Pair Surprising Values.

Also Misses' and Big Girls' Tan or Black \$3.00 Ties and Pumps—Dollar a Pair

Competitor complained to us yesterday that our Dollar Shoe Sale hurt business. We told him it benefited several thousand people, and that "ADOLPH" was here for the people's benefit. Although we're benefiting thousands more than last year, assortments are as full To-Day as on opening day, because we prepared far more abundantly. Selling several hundred pairs a day, though, will tell soon. Come To-Day, bring the whole family and settle the shoe problem for months to come.
